

Own Generals Tell Carranza To Resign Post

Naming of President and
Interim Suggested to
Check Spread of Seces-
sion and Revolution

Bonillas to Withdraw

First Chief Refuses to
Quit, but Agrees His Can-
didate Shall Step Aside

WASHINGTON, May 1.—President Carranza was advised by his generals at a conference held a few days ago to resign in favor of a President ad interim, whom he or Congress should appoint, according to dispatches reaching Washington to-night through official channels. Carranza refused to accept the recommendation, the dispatches said, but agreed to the withdrawal of the Presidential candidacy of Ygnacio Bonillas, Ambassador to the United States, and to the sending of a commission to negotiate with the revolutionists.

The conference, which was participated in by all the generals in the vicinity of the capital and by Acting Minister of War Uragoiz, the dispatches said, was called by direction of Carranza to discuss the situation growing out of the secession of Sonora.

Lengthy Arguments Made
Lengthy arguments for Carranza's resignation were presented by some of the officers, it is said, one of the chief arguments being that surrender of the Presidency by Carranza would eliminate any danger of intervention by the United States in Mexican affairs.

The names of the generals taking part in the conference were not given in the dispatches.

Federal garrisons at Parral, Jimenez and Camargo, in Southern Chihuahua, have revolted and joined the revolution, according to a telegram to-night from the general headquarters of the rebel army to Sonora agents here. The dispatches said, the message said, included 5,000 to 7,000 infantry and cavalry, 100 machine guns and 14 cannon of various calibers.

The 6th Infantry Battalion at Chihuahua refused to join the movement, the message said, and was thereupon attacked by the other units and "captured and imprisoned intact."

Juarez Garrison Revolts
EL PASO, Tex., May 1.—Reports this afternoon were that the Juarez garrison and General J. Gonzalo Escobar had peacefully joined the revolution. Juarez officials, asked about the reports, said:

"We do not know."

General Escobar could not be reached.

General Manuel Dieguez is en route north with a large body of Federal troops, according to a telegram received here by Mexican Consul General Ruiz Randoval. General Dieguez yesterday was at Irapuato, Guanajuato. He reported in a message via Laredo that all the central districts of the republic are quiet and all Federal troops in Coahuila and Nuevo Leon are loyal. He denied any signs of revolt in Durango.

Colonel Augustin Mora, of the Juarez garrison, accompanied by Captain Pablo Delgado, chief of the fiscal guards, crossed the international bridge at 12:30 this morning. He explained he was en route to Mexico City for a conference with President Carranza, having been ordered there by General Escobar. He was in civilian clothes and said he proposed to travel through Texas to Laredo.

Says Carranza Is Deceived
AGUA PRIETA, Sonora, May 1 (By The Associated Press).—Mexico is unconquered with revolution, and, instead of the "sacred ring" of soldiers President Carranza of Mexico announced would be put around Sonora, the first state to secede from his administration, the rebels have put a "steel ring" of revolutionary soldiers about Mexico City and in every state except one. General A. L. Villareal said here today, in making public what he termed the accomplishments of the revolution in less than one month.

General Villareal formerly was constitutional governor Nuevo Leon. He was president of the Aguas Calientes convention which selected Carranza to be President of Mexico.

Catholics Ill-Treated

By Carranza Soldiers

WASHINGTON, May 1.—Attacks on members of Catholic orders in Mexico during the Carranza rebellion and the looting of schools, hospitals, churches and other establishments under their control were described before the Fall Senate. Mexican investigating committee today by Monsignor Francis G. Kelly, president of the Catholic Extension Society of the United States.

Conditions became so bad, he said, that a general exodus of Catholic orders from Mexico occurred. Women frequently were outrageously abused, the witness declared, and they and the men, all penniless, were forced to the border and seaports to be cared for in the United States by co-religionists. Carranza soldiers as well as bandits, participated in the looting of schools, churches and other institutions, Monsignor Kelly declared.
